GROWER OUTTURN WAREHOUSED GRAIN

South Australia - SEASON 2023/2024

In accordance to the GrainFlow Warehousing Terms & Conditions, specifically:

- The grain must be picked up from the site of delivery.
- The grain can only be picked up when coinciding with the outturning of that grade of grain from the site
- The grower will be responsible for organising all transport associated with grain outturn
- Any amounts less than 200 tonne must be taken in a single lot (same day)
- Any amounts larger than 200 tonne must be outturned at a minimum of 200 tonne lots (until the last lot)
- A shrinkage factor will apply (as per below)
- The outturned grain will be of the quality of the stack average
- The grower must pay any outstanding warehouse fees prior to the outturning of any stock
- For amounts less than 300mt, the grower will be invoiced at month end following the outturn
- For amounts larger than 300mt, the grower will be invoiced for the following charges which must be paid prior to the outturning of any stock
- If the outturn occurs before the billing day of the month of outturn, a monthly warehouse fee will still be incurred.

The Receival/Outturn Fee charged by commodity, per tonne as per below (GST Exclusive):

Commodity	Major Wheat*	Minor Wheat**	Barley - Feed	Barley - Malt	Canola
Rate	\$20.78	\$22.58	\$21.03	\$22.58	\$27.20
Shrink	0.60%	0.60%	0.60%	0.60%	0.60%

* Major Wheat Grades are H2, APW1 and ASW1

** Minor Wheat Grades are all non-major wheat grades.
